

Mr. Anderson's School Supply List

This upcoming school year, we are still going to focus on outdoor learning and learning within the classroom. There are going to be supplies that are needed for both. I am willing to help support the needs of students for both outdoor learning and learning in the classroom as much as I can. I am planning to be outside every Tuesday next school year. This means that one day a week we will be outside from 8:30am – 1:30pm. I am asking that students come to school prepared to be outside on those days. I will make a set of criteria that we follow for weather on those days. The hope is that we will use the outdoor learning classroom next year on these days. If you have and concerns or questions about outdoor learning next year, please contact me via e-mail (brent.anderson@nbed.nb.ca) and we can arrange an in person or phone conversation. Thank you for your support.
